Re: Section 272(f)(1) Sunset of the BOC Separate Affiliate  
and Related Requirements, WC Docket No. 02-112

Dear Ms. Dortch:

On behalf of Cellco Partnership d/b/a Verizon Wireless ("Verizon Wireless"), I hereby authorize the Commission's Staff to include in the record of this proceeding data from the Form 502 Numbering Resource Utilization and Forecast Report filed by Verizon Wireless on February 1, 2007, which reported Verizon Wireless's number utilization as of December 31, 2006 ("NRUF Data"). This authorization is contingent on Verizon Wireless's understanding that any such data that is included in the record will be aggregated to the state level, and that no NRUF Data that is less aggregated will be placed into the record. This authorization is also contingent on our understanding that such data will be treated as Confidential pursuant to the First Protective Order<sup>1</sup> in this proceeding, and thus will not be made available except pursuant to the procedures set forth in that Order.

Had Verizon Wireless submitted NRUF Data in this proceeding directly, it would have designated it as Confidential. Even aggregated at the state level, this information is commercially and financially sensitive and is proprietary information that Verizon Wireless does not in the normal course of business reveal to the public or its competitors.

Please let me know if you have any questions about this authorization.

Sincerely,

A handwritten signature in black ink that reads "John T. Scott, III" with a stylized flourish at the end.

John T. Scott, III
